Notice - Intent to Request Approval of Referendum Exceptions

Act 1 of 2006 prohibits any board of school directors from increasing property taxes beyond an inflation index unless an exception under Section 333(f) or Section 333 (n) is approved by either the Court of Common Pleas or the Pennsylvania Department of Education. As required by Section 333, this is notice that it is the intention of the Ellwood City Area School District Board of Directors to request approval from the Department of Education for referendum exceptions for the 2017-18 fiscal year. Once the exceptions are approved, the Board is authorized under Act 1 of 2006 to raise property taxes beyond the inflation index.
